Executive Summary

I'm a junior Software Developer. I have just finished a course for a Diploma in Full Stack Software Development from the Code Institute (I am awaiting final assessment). I am proficient in HTML, CSS, JavaScript, Python, Flask and Django. I'm proficient in the debugging process using devtools and other technologies. I have over 5 years' experience as a classroom teacher, teaching students ranging from age 11 to age 14. I am a valuable team player with strong communication skills and a solution focused approach. I'm eager to enter the tech industry to join an exciting development team where I can grow and contribute!
